News Letter

On 21.10.2016, a Seminar was conducted by Department of Mechanical Engineering and Civil Engineering at COMPUTER Laboratory - KCE, on the topic of “**AWARENESS PROGRAM ON TEKLA SOFTWARE**” in association with Intek Educational Services, CBE. Students from both the Department had participated in the seminar.

The Session was handled by **Mr. M. Vasanth kumar** (Head-Training Engineer of M/s Intek Educational Services, CBE) on the capabilities of advanced design software in the civil and mechanical structural fields. Later He demonstrated TEKLA software handling knowledge. Students were highly impressed with the contemporary way of working of the software in designing of structures.

Finally **Mr. P. Ravi Kumar** (Placement Officer) appreciated the participants those who gained the knowledge from this workshop for their career development and concluded the seminar.
